

Lillian turned 94 in April. She is not afraid of growing old. She is pleasant to be around, always knows your name, and has the astonishing ability to remember what is going on with the people in your family. She has many true friends, who say her face radiates with warmth - the kind that can reach out and wrap itself around you. She lives with dignity and meets obstacles with courage, determination, and grace. Her spirit of light is immense and boundless. Few know that Lillian faces major health issues, and no one knows that she needs financial assistance. She is a special person, and her story illustrates the beauty of the Givens Communities Resident Assistance Ministry.

Our mission has always been to serve seniors of all economic levels and backgrounds. Givens cares for many special people like the ones who have cared for and nurtured us during different times of our lives. They come from all walks of life, and they are the fabric of our communities. Through our four residential communities, we now provide safe housing for more than 1,450 seniors, and nearly 400 benefit from its mission to provide affordable housing and financial assistance for those facing a crisis.

This commitment to walk alongside our residents has steadily grown over the last four decades, but the charitable support of this mission has not kept pace with the need.

We are asking you to prayerfully consider an extraordinary gift to this year's Mother's Day Offering to help Givens raise \$150,000 for the Resident Assistance Ministry. As a key partner, you help to ensure that people like Lillian know that when they are facing a financial crisis, there are adequate funds to help them. Your gift will help with groceries, meals, staples, health and wellness, supportive services, medical and dental care, and housing. Your gift confidentially helps residents with very limited resources in our four communities and is needed now more than ever.

Make checks payable to your church. Your church will consolidate the gifts and send them to Givens. You can also provide support by giving online. Visit Givens Communities' secure website at givenscommunities.org/give-online.
